- Scones can be baked and frozen.
- The mixed berry conserve can be substituted with a good quality store bought conserve.
- The sterilise crockery function can also be used to sterilise preserving jars.
- Conserve can be stored at room temperature for up to 6 months prior to opening.
- Once opened, conserve can be stored in the refrigerator for 4-6 weeks.
- Conserve can be made successfully on an Induction cooktop. Place berries, lemon juice, zest and vanilla into a large heavy based saucepan on high heat, Induction setting 9. Once fruit has collapsed, add in sugar and boil rapidly for 10-12 minutes until foam dissipates.
