2. Gently crack the eggs before placing them in a bowl of ice cold water with the vinegar, stand for 1 hour to soften the shell.
3. Carefully peel the shell and membrane from the eggs. Wash eggs to make sure all remains of shell are removed. Set aside.

2. Weigh out into 50 g portions for each egg. Roll each portion into a ball and make an indent with your thumb.
3. Place an egg into the cavity and gently press the mince around to completely enclose.
4. Repeat for all 12 eggs.

### **Assembly**

1. Set three separate bowls with flour, eggs whisked with milk, breadcrumbs. Roll each ball in the flour, then dip into the egg mixture and finally roll in the breadcrumbs. Refrigerate until required.
2. Using a thermometer, place the oil in a large saucepan, heat on medium heat, Induction setting 6 until it reaches 180°C.
3. Place two crumbed eggs in the hot oil and cook for 4 minutes until golden brown. Drain on kitchen paper towel. Repeat for all eggs.

### **To serve**

1. Let the eggs rest for 5 minutes before cutting in half. If they are under cooked, place in a warm oven at 160°C for 5 minutes before serving.
2. Serve one or two eggs per person with pickles and bread of choice. Alternatively pack all 12 scotch eggs for a picnic.
